ABOUT THE DIPLOMAS

WHAT ARE THE DELF DALF DIPLOMAS?

DELf is the Diplôme d'Études en Langue Française (Diploma of French-language studies) and DALF is the Diplôme Approfondi de Langue Française (Advanced Diploma in French language). These diplomas are awarded by the French Ministry of Education to certify the level of French-language skills of non-French speakers. The diplomas are valid for life and recognised all around the world. To obtain them, you must take the DELF and DALF examinations, which assess your communication skills in real situations using authentic documents. Students can certify their level of French with an internationally recognizable credential, meet French university language requirements, gain job opportunities, increase their confidence and fluency in French, and refresh their comprehension of the French language.

DELf DALF PREPARATION

Our DELF and DALF exam preparation courses familiarize students with the DELF DALF exam process, and assists students to recognize the methods used in different parts of the exam.

These exam preparation courses are based on the DELF DALF exam standards and all students have practice sessions with customized correction and feedback. We provide general French instruction in the mornings and dedicated exam preparation in the afternoons. Every student works to his/her level and is provided with a personal education plan. If students do not take the exam during their stay, students may send examples of work from the course book which will be corrected and returned with feedback.

Our DELF examiners are highly trained and experienced instructors, so that students are confident and well-prepared to take the DELF DALF exam at the conclusion of the course.
